A dinner party for presidents and program chairmen of McKinney civic and service organizations, was held Thursday evening at 7 o'clock at the Town House, at which time the local office of the Southwestern Bell Telephone Company was host.

Appropriate decorations, arranged by Dooley Flower Shop, included a centerpiece of a minature telephone designed of large white mums, white asters, pompoms and salal. From the 14-inch arrangement extended telephone lines and miniature poles from which hung miniature telephones, used along the table.

Jim Saunders, manager of the local office, presided over the program, explaining the purpose of the meeting and introducing available material for club programs through the year. In connection with this feature a film was shown after which the group was invited to visit the central office, on North Kentuck yStreet, where guided tours were directed through the building.

The evening proved most entertaining, and the material offered for future programs will be very educational.

Manager Saunders announces that another such party has been planned for next Tuesday evening, when some 25 or 30 presidents and club leaders will be present for dinner and an evening of entertainment.

Motor Vehicle Inspection Begins

Motor vehicle inspection began September 1, this year, to continue through April 15, 1958. Owners of cars and trucks are urged to have the vehicles inspected as soon as possible and avoid the last minute rush that has become almost traditional.

The reminder comes from Col. Homer Garrison Jr., director of the Texas Department of Public safety who said that the more than 4,200 licensed inspection stations in the state will have 1958 stickers on hand and will appreciate owkners attending to inspections early in the period.

The motor vehicle inspection law is intended to protect citizens from accidents caused by defective equipment. The full cooperation of all owners is requested.

Donations To War Memorial Are Asked

Collin County lost about 200 of its finest young men in the last World Wars, and we have no monument to perpetuate their loving memory. The U.S. Government has presented us a big army tank to place in the Park here in McKinney for use as a lasting memorial to the heroic sacrifices of these boys. The tank is free but but the cost of transporting it here will be over $400.00. It is ready for us; the concrete base in Finch Park is ready, what we need now is the money. On this tank will be placed a bronze plaque with the name of every boy from this county who died in the service of his country during the last wars, whether he died on the field of battle it makes no difference. Please send your contributions to any of the following, no amount is too small and none too large.

The Collin County Tuberculosis Association, of which Chester Hays of Prosper is president, is sponsoring the X-Ray examinations which will be held at Plano, Farmersville and McKinney. President Hays spoke at the meeting, expressing appreciation to Chairman Thompson and his committee for arranging for the Mobile Unit visit to McKinney.

Mrs. T. E. Hardaway, of McKinney, is clerical chairman, and will be assisted by representatives from the Women's clubs of the city in registering and signing up persons having the examinations.

Gathering Of Cotton Crop In Full Swing

With favorable weather around the area the gathering of the 1957 cotton crop is fast getting into full swing with more and more "first bales" being reported each week.

Observers say the prospects for a real cotton crop in the country are excellent. Many farmers believe the days of "bale to the acre" cotton are here again, for this season anyway.

Celina received its first 1957 cotton Wednesday of last week when A. L. (Ted) Cave, who farms near Weston, had a 450 pound bale ginned at the Celina Co-op Gin. Last year's first bale was ginned in Celina on August 3 by Clarence Rawlings.

Whitewright in Grayson County, got its first bale of the season Friday, August 23. It was grown by Clifford Jones, northeast of Whitewright. About the same time on the same date another bale was ginned in Whitewright, this one by Clyde Robinson who lives west of town.

McKinney's first bale this year was grown by Joe B. Rogers, south of Farmersville and was ginned here August 19. The cotton netted Mr. Rogers a premium of $100 given by the McKinney Chamber of Commerce, and a price of 50 cents per pound, paid by Johnson Furniture Co. when the bale was sold at auction.

Wylie's first cotton was ginned there the afternoon of August 19 and Frisco's initial bale was ginned the following day.

MILK CANS DISAPPEAR — BULK HANDLING TAKES ..OVER..

The trend toward bulk cooling and handling of milk on dairy farms is proceeding at a phenomenal rate and there is no leveling off in sight. In fact, most market analysts predict continued conversion in most markets during the next year, says A. M. Meekrna, extension dairy husbandman.

A survey made by the Agricultural Marketing Service last January showed that over one-fourth of the producers in Federal order milk markets are using bulk cooling tanks. With the exclusion of Northeastern markets where tank installation are proceeding at a slower pace, bulk deliveries account for 36 percent of all producers in markets operating under Federal orders.

Nationally, the number of farm tanks doubled in 1955 and again in 1956, notes the husbandman. By December 1956, total farm tanks numbered nearly 60,000. Over 600 milk plants were receiving part or all of their milk by bulk.

The rapidity of conversion has surprised marketing analysts because of the considerable reorganization, added investment and increased initial cost invloved. These factors have caused mixed reactions among farmers and the shift continues to be spotty and uneven.

Large producers generally convert to the bulk tank system more readily than smaller producers. With the installation of this system, producers usually expand their herds. In Federal order markets, producers with bulk tanks delivered an average of 765 pounds of milk daily during January 1957, while the overall average was 463 pounds.

DEMOCRACY IN EVERYDAY LIVING.

We as Americans are proud of our democracy. What does democracy mean in terms of our everyday lives? It means all members of the family play on the team-the family. It means the children aren't benched while mother and father administer family affairs. It means rather that father and mother are the coaches while everyone plays the game.

Farm and home development is democracy in action. In farm and homes development, the game is played by the entire family with all plays mapped out by the family to lead to the goals desired by the family.

Men and Women who are emotionally mature accept marriage as a partnership. They believe each person's knowledge and skill increase the opportunity to set up a satisfying family life together. Selfish desires for personal gain become unimportant in reaching for the larger goal of establishing a family that is respected by the community.

Children quickly sense this desire on the part of one parent to get the opinion of the partner before making an important decision. This way of talking things over seems natural to them. Drawing the children into these discussions where problems, goals and plans are discussed frankly is family counseling. It's the democratic way to happier living and successful and home development.

Rally Day Held By 4-H Clubs Of County

The 4-H Club Rally at Finch Park recently was one of great success with 50 boys and girls attending from Allen, Westminster, Alla, Melissa, and Chambersville 4-H Clubs. The Junior 4-H Club leaders who attended Trinidad were in charge of the days event. Rita Stewart of McKinney 4-H Club was in charge of the special event, discussion groups, and lead recreation during the days event. Karen Stewart of McKinney 4-H Club assisted with records, led games, and made the posters for the closing program of the evening, on "What 4-H Club Work Means to Me."

The two discussions summarized the program by showing what 4-H club work meant and the many opportunities available. The records group illustrated to the group what a record book must consist of by having a boy or girl bring out a poster showing cover, tite page, standard report form, stories, pictures, and report forms. The boys and girls wored this up on their own initative.

Leslie Flannery of Alla 4-H Club and Jim Airhart of Melissa 4-H Club were in charge of get acquainted games for the opening of the rally. Leslie and Jim assisted in leading games throughout the days event. Another leader in recreation for the afternoon was Beverly Slate of Chambersville 4-H Club. Excellent leadership was displayed by the boys and girls in charge.

Lynn Cundiff of Allen did an excellent job in leading play party games and conducting the recreation, both in the morning and the afternoon. After the discussion groups met in the morning the group attended the Community Center and swam for an hour. After the swimming a sack lunch was had on the picnic grounds under the shade trees. Quiet games were played the afternoon program following lunch.

A weiner roast was held at 6:00 p.m. for the group.

Eight mothers and fathers and three leaders attended the afternoon program and most of the day program.

After dinner for the evening party a Calypso party was held. The 4-H boys and girls wore big hats, bright shirts and skirts, big sashes and other gay costumes. A wonderful party was enjoyed by the club members.

After the party a brief report was given by the club members of the days event. The report was very effectively given with posters. The evening ceremonial was given by Isabel Phelps of Alla and Karen Stewart of McKinney which gave the meaning of the 4-H Club emblem and the importance of having a completed circle with all 4-H club members working to make the Best, Better. True to the 4-H motto is each 4-H club member's aim to make the best better.

The club members formed a large circle with lighted candles in the front of a big four-leaf clover which was beautiful in the spotlight. The group closed the program by singing "God Be With You Until We Meet Again," and left for home at 8:30 p.m.

Miss Margie Sellers, Assistant Agent-in-Training was in charge of planning the days event with the 4-H leaders.

Collin Club Women Hold Annual Rally

Seventy-five home demonstration club women attended the women's rally recently at the Women's Fair building in McKinney. Chambersville and Weston clubs were hostess for the days event. This event is an annual one that the club women enjoy each year. The group assembled at 10 a.m. with club women from Blue Ridge, Climax, Allen, Chambersville, Walnut Grove, Higgins, Celina, Lucas, Murphy, Bloomdale, Bethany, Franklin, Lebanon, and Alla. Mrs. Hershel Flannery, council chairman called the meeting to order.

Mrs. J. E. Slate and Mrs. P. A. Rivers of Chambersville club, Mrs. Ed Stone and Mrs. J. W. Callahan Jr. of Celina club led in the recreation for the days event. The days program was given to recreation with quiet and active games being played by the group.

A covered wish luncheon was served at noon. After the luncheon the women had a white elephant sale, proceeds to be used by the Collin County County Council. Another feature of the days event was a display of lovely crafts that the club women had made. This phase of the program was ver inspiring since it gave the women many ideas on making crafts.

5000th TELEPHONE INSTALLED IN McKINNEY

Shown above is Mrs. Charles Dunafun trying out the 5000th telephone to be installed in McKinney. Standing, left to right, are Mr. Dunafun, Jim Saunders, Manager, and Raymond Oliver, Installer.

◆

Is McKinney growing? The answer is yes, and faster than some people realize. A recent example of this fact is the moving to McKinney of the Charles Dunafun family. One very special aspect of this particular move is that the Dunafuns have the 5000th telephone in McKinney.

The Dunafuns have come to McKinney from Plano, Texas. Mr. Dunafun is a building contractor, and Mrs. Dunafun is employed by the State Board of Insurance in Dallas. The new family also includes two daughters, Betty and Barbara. Barbara will be attending Boyd High School this year as a sophomore, and Betty is employed by the General Electric Credit Corporation, also in Dallas. The Dunafun have a new home under construction here, but are presently residing at 202 McCauley.

It is interesting to note that in January 1955, there were 4794 telephones in McKinney A slow but steady increase continued and by August 1956, McKinney had 4850 telephones in service. This same upward trend continued through January, 1957.

However, the year 1957 has developed growing pains. January of this year boasted 4872 telephones in McKinney. By July there were 4973 telephones in service, or nearly a hundred more telephones in operation than there were just six short months before.

"Now McKinney has passed a major milestone of growth. During August the 5000th telephone was installed here. While the number of telephones in a community is only one of many ways to follow the growth of a city or town, certainly an increase in the number of telephones such as McKinney has had in recent months indicates a health trend in the right direction," said Jim Saunders, Manager of the Telephone Company here.

Lions Begin Second Week Of Practice

(By Norman Scott

The McKinney High Lions start their second full week of fall football drills today in preparation for their season opener with the Irving Tigers of District 7-AAAA at Newsome Stadium Friday night.

The LYions journeyed to Sherman last Thursday afternoon for a scrimmage session with the Bearcats with the Lions outscoring the Bearcats by a margin of four touchdowns to two. McKinney's defensive unit showed up exceptionally well as the Bearcats were unable to move on the ground against a stout Lion forward wall while the first string offensive unit, in their last try with the pigskin, clicked on all cylinders and moved in rapid-fire order for two quick markers. The practice get-together with the Bearcats was a controlled-type scrimmage with each eleven allowed to run offensive plays for 15-20 minutes before changing. There were no kick-offs or punts.

The locals looked sharp in their drills Friday afternoon and Head Coach Joe Simpson and Assistant Charles Qualls, Tommy Gray, and Rusty Talbot seemed pleased with their charges.

Sophomore tackle Charles Carrell, a rugged 185-pounder, was running at right tackle on the first unit with Cary Cox operating at his old stand at a guard spot. The remainder of the first unit Friday afternoon had Don Wharton and Jerr Miller at ends, Charlie Powell at the other tackle, Don Crutcher at right guard, Philip Wilson, at center; and in the backfield, Robert Johplin was at quarter, Charlie McEentire at right half, C. W. Williams, a high-regarded Junior letterman, and veteran Kenneth Locke alternated at left half, with Bob Byrd at fullback.

Big Crowd At Quarterback Club Barbecue

Several hundred persons attended the annual barbecue and "Pigskin Preview," given by the Quarterback Club Friday evening at Newsome Stadium.

Rev. Fitzhugh Talbot, Methodist minister of Dallas, and father of Coach Rusty Talbot of McKinney, gave the invocation. After the big feed, Captains Vernon Walker and Norman Scott made short talks, before turning the program over to Coach Joe Simpson.

Coach Simpson introduced members of the Lions football squad, and urged the support of the citizenship in backing the team.

The program was cut short due to threatening weather, but much enthusiasm was manifest by the coaches, the team and the fans in this year's grid season.

Mrs. Julian Jeanes and young son, Tommy, left Sunday for Houston to join their husband and father, who is working there, for a big retail grocery concern. Mrs. Jeanes is the former Miss Sally Perkins of this city, being the daughter of Mr. and Mrs. Tom W. Perkins Jr.

Biss Betty Jane Bush of Turiock Calif., has been visiting their aunts, Mrs. R. C. Stone and Mrs. A. B. Fults in this city. She left Tuesday for Liberia, Africa where she is a missionary.

M'Kinney Leads In Points For 29 District AAA

DALLAS, (UP). — Talent laden Corpus Christi Ray and Nederland, both unsuccessful finalists a year ago, emerged today as the preseason choices of the United Press Texas schoolboy football coaches board of rule their respective divisions this fall.

They each polled the most number of first-place ballots and picked up enough support elsewhere in the balloting to indicate they were favored to capture the state championships that eluded them last December when Ray lost to Abilene in the AAAA finals and Nederland bowed to Garland in the AAA title game.

If the rating board's predictions hold up, Nederland will again face Garland in the AAA championship game, withle Ray's foe this time will be the Amarallo Sandies.

◆ ◆ ◆

PICKING UP BACKING.

While Garland picked up enough backing to finish up close to wind up as the No. 2 choice in the AAA, the other defending champion—Abilene—wound up as the No. 4 team in the ratings behind Ray, Amarillo and San Angelo.

Rounding out the top 10 in AAAA were Baytown in fifth, Wichita in sixth, Highland Park in seventh, Pashadena in eighth, Fort Worth Paschal in ninth and Austin S. F. Austin in 10th.

Trailing Nedeland and Garland in AAA were Andrews in third Graham in fourth, Port Neches and San Antonio Edison in a tie for fifth, Littliefield in seventh, Snyder in eighth, Kilgore in ninth and Breckenrideg in 10th.

Most of them were familiar faces in the select groups. In AAAA, only Austin was unranked at the close of last season, while Paschal and Pasadena were out of the top 10 but ranked 15th and 16th. In AAA, Port Neches and Breckenridge finished unranked a year ago although both were in the top most of the season until late season losses. The only other AAA club not in the final 10 a year ago was Graham, which was 11th.

NO WORSE THAN THIRD.

Ray got no vote for worse than third and polled 10½ for first place votes and 4½ for second. Amarillo and Abilene each polled two first-place ballots and San Angelo the remaining one from the 16 coaches on the AAAA board.

Nederalnd earned seven first--place ballots, Port Neches three, Andrews two, Breckenridge, Graham and Cleburne one each.

Ray on the basis of 10 points for a first-place vote, nine for second, etc, ran up 153½ points to 122½ for Amarillo, 111 for San Angelo, 92, for Abilene, 86 for Baytown 78½ for Wichita Falls, 50 for Highland Park, 42 for Pasadena, 33½ for Paschal and 24 for Austin.

Dallas Tech with 19 points, Port Arthur with 15 and Waco with 11 headed up the second group in AAAA where 24 different schools received nominations.

NEDERLAND POLLED 125.

Nederland polled 125 points to 115 for Garland and 110 for Andrews. Then there was a sharp drop to Graham's 78 points, followed by 65 each for Port Neches and Edison, 49, for Littlfield, 45 for Snyder, 41 for Kilgore and 39 for Breckenridge.

McKinney with 28 points, Cleburne with 26, Kingsville with 21, Del Rio with 19 and Waco University with 10 stood out among the others in the group of 29 AAA schools getting support.

LETTERS FROM . . . THE PEOPLE

VIRGINIA'S ROLE IN THE U. S. A.

The Daily Courier-Gazette:

Up to 1771 she had enacted 23 state laws to outlaw importation of slaves.

If the other states had joined her slavery would not have become a crises. All of the 13 original states kept slavery until after Independence.

Virginia's charter included the present states East of the Mississippi River and North and West of the Ohio River and South of the Great Lakes. She ceded that vast area to the U. S. A. free provided it would forever exclude slavery therefrom. Congress agreed to the terms. Also her Jefferson on March 1, 1784, drafted an ordinance for governing said area and proposed that after 1800 slavery should never exist in what later became the states of Kentucky, Tennessee, Alabama and Mississippi, but it was defeated by a vote of 7 to 6. If one more state had voted for it there would never have been any Civil War. Her Jefferson secured for the U. S. A. the Louisiana Purchase for a few cents per acre, and secured the Oregon territory by the Louis and Clark exploration. Her Sam Houston directly secured Texas for the U. S. and indirectly secured the Mexican cession. Florida was secured by James Monroe another Virginian. James Gadensed of South Carolina secured the Gadensed purchase. Thus Virginia played the leading role in every great achievement of the U. S. A. to 1861.

In 1861 the U. S. A. had 1,200,000 sq. mi. of land which was subjected to the spread of slavery. The Republican party having been elected by 40% of the popular on the one question of stopping the spread of slavery in said lands. If it had said it would stop by obeying the Constitution with an amendment. There would have been no Civil War. Virginia called a peace Congress to avert Civil War. Judge Chase speaking for the abolitionists said we will not return fugitive slaves though the constitution and two federal statutes say they shall be returned. He said I would be willing to pay for them. We are going to stop the spread of slavery! He was reminded that the Constitution gave Congres no authority to exclude slavery and was held by the Supreme Court. He said the men who elected Abraham Lincoln will not regrad said Supreme Court.

The only legal and feasible way that the spread of slavery could be stopped was that of the Crittendon amendment. It would have excluded slavery from 900,000 sq. mi. and left only Arizona, New Mexico and Ind. Ter. for the spread of slavery. The Democrats voted 80 in the House for it and 23 in the Senate against tabling it. The Republicans voted 113 in the House against it and 25 in the Senate to table it. If half of the Republicans had voted with the Democrats, no doubt the states would have adpoted it and slavery would have been excluded in 900,000 sq. mi. that would have caused all the states of that area to be admitted as free states. The states could then have offered an amendment to free all slaves by paying a reasonable sum for them as England did in freeing the slaves in the West Indies and the terrible Civil War would never have cursed this land. Who was to blame?

T. C. ANDREWS.

◆

On Aug. 29 our office was called to know if we had given a permit to solicit for an Orphans Home, since we had not been asked for such permit we started down the street to investigate; and were stopped at the corner of Kentucky and Virginia streets by a lady who asked for a donation to help the Orphans. Upon inquiring we were told it was for the Dora Hope Orphans Home of Fort Worth, Texas, operated by Rev. O. B. Braune at 110 Commerce Street. We used some of your money to call Fort Worth and learned such an Orphans Home did no. exist. We have written Rev. O. B. Braune at the address given and received no answer to date. Beware they will perhaps be back. It is a fine and good things to help the Orphans but we like to know an orphanage exists when we help.

We have a wide variety of requests at the Chamber of Commerce Office. There is the lady who called this week asking for a list of apartments for rent, after getting the type and size apartment desired and it being only 1 p.m. we agreed to look through our files and call her back in 20 minutees. The lady promptly hung up before we learned her name, address, or phone number. At 5 p.m. the lady called back a bit out of sorts stating she had been sitting by her phone all afternoon waitting for us to call her. We explained the reason for delay and gave the list of apartments but have never learned the name of the lady or her phone number.
